Re: WE OPPOSE M/S # 025, proposed Yucca Mountain high level  
nuclear waste disposal repository.

Dear Ms. Hanlon,

eighty-nine percent ( 89% ) of Nevadans oppose this dangerous  
project in an unstable area due to volcanic & earthquake  
activity. The Western Shoshone, the tribe owning the land, does  
not want it.

Tens of Millions of Americans will be endangered daily by  
transporting this highly contaminated, deadly material throughout  
the USA.

Only the Federal Government and the nuclear power industry seemed  
to agree with this unstable area - even before the Final  
Environmental Impact Statement and other documents  
have been available.

WE, AS NEVADANS, STRONGLY OPPOSE THIS PROJECT !!!

Respectfully,

K.P. Henkel
